PROFESSIONAL SUMMARY

Recent B.Tech graduate in Computer Science & Engineering (Data Science) training in Java Full Stack at TAP Academy. Built FoodWala, a Java Servlets and JSP food ordering website with online payment and role-based logins, plus an AQI prediction dashboard. Seeking an entry-level Java Developer role.

TECHNICAL SKILLS

Languages: Java, Python, JavaScript

Web Development: Java Servlets, JSP, HTML5, CSS3

Database: MySQL

Tools: Git, GitHub, MS Excel

Soft Skills: Communication, Teamwork, Problem-Solving, Adaptability

PROJECTS

FoodWala – Food Ordering Website Java Full-Stack Project

Tech: Java Servlets, JSP, HTML5, CSS3, JavaScript | Live: vishnu6301382491-dev.github.io/Foodwala

- Built a food ordering website for Bengaluru with 100+ restaurants and 750+ menu items using Java Servlets and JSP.
- Added search, cuisine filters, quick filters (fast delivery, pure veg, 4.5+ rating), promo codes, a cart, and checkout with card, UPI, net banking and cash on delivery.
- Created separate logins for customers, restaurant managers, delivery partners and admin staff, along with user profiles and saved addresses.
- Connected Razorpay (test mode) for payments and added an orders page and a dark mode.

AQI Prediction Dashboard Python & Machine Learning Project

Tech: Python, JavaScript | Live: vishnu6301382491-dev.github.io/Air-Quality-Indexing-Forecasting-Via-Genetic-Algorithm

- Built a dashboard that predicts air quality (AQI) with a GA-KELM model, which pairs a genetic algorithm with a Kernel Extreme Learning Machine.
- Shows location-based air quality data with interactive visualizations on a responsive, dark-themed page.
- Forecasts upcoming AQI values so people can plan outdoor activities; live data is processed with Python and JavaScript.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering (Data Science) Graduated Apr 2026

Rise Krishna Sai Prakasam Group of Institutions, Ongole, Andhra Pradesh | CGPA: 7.78

Intermediate (MPC) Graduated Apr 2022

Sri Gowthami Junior College

Secondary School Certificate (SSC) Graduated Apr 2020

ZP High School

WORK EXPERIENCE

Java Full Stack Intern | TAP Academy May 2026 – Present

- Learning Java full-stack web development through guided training and coding practice.
- Building web application projects to practice Java, Servlets, JSP, HTML, CSS and JavaScript.

ACHIEVEMENTS

- Built several full-stack web applications during the B.Tech program.
- Did well in core Computer Science and Data Science courses.
- Praised by faculty and mentors for problem-solving during project reviews.
